EXECUTIVE SUMMARY

Full-stack software engineer and active-duty U.S. Army Sergeant with a B.S. in Information Technology (**magna cum laude**) and four production platforms designed, built, and operated end to end. Security-first: multi-tenant isolation, role-based access control, audit trails. NCO leadership with accountability for people, \$3M in equipment, and mission outcomes.

CAREER HIGHLIGHTS

- ✓ **Founder & sole developer** of four live production platforms
- ✓ **Architected a multi-tenant healthcare SaaS** with audit trails
- ✓ **Built an AI financial-readiness platform** for the military community
- ✓ **Integrated Stripe & Stripe Connect** payments end to end
- ✓ **Active-duty Army NCO** — zero-loss accountability for \$3M in assets
- ✓ **B.S. in IT, magna cum laude** — Software Development

PRODUCTION SOFTWARE — FOUNDER & SOLE DEVELOPER

MyVital Harmony · Multi-tenant healthcare & wellness SaaS myvitalharmony.com · [Live](#)

- Each business runs under its own brand — database-level tenant isolation, role-based access, append-only audit trails, and an encrypted health-data vault.
- Stripe subscriptions and Stripe Connect payouts; scheduling, secure messaging, and digital programs on tiered plans (\$19–\$129/mo).

MyFreedomOps · AI financial readiness + personnel accountability myfreedomops.com · [Live](#)

- AI-guided debt, savings, and credit tools for the military community, plus a first-formation accountability module for unit leaders. Independently developed; not affiliated with the U.S. Army or DoD.

Murielle Hair Braids · Client booking & e-commerce muriellehairbraids.com · [Live client production](#)

- Full digital storefront — online booking with deposits, product shop, and admin dashboard — processing real bookings and payments.

Sedoinsurance · Mobile-first insurance platform (Benin) sedoinsurance.com · [Live](#)

- Bilingual (FR/EN) quoting across four product lines with mobile-money payments; policies issued through licensed partner insurers.

MILITARY LEADERSHIP

Sergeant (92F) — United States Army, Active Duty Fort Irwin, California · 2020 – Present

- Lead and train Soldiers; \$3M in petroleum assets with zero-loss accountability.
- Unit Prevention Leader and Hazmat certifier — compliance documentation for hazmat and ammunition transport.
- Supported S2 (security) office IT: access control, SAAR processing, secure documentation.

EDUCATION

B.S. in Information Technology — Software Development Using Web Languages · **Magna Cum Laude** Purdue University Global · April 2026

Vocational Bachelor's — Electrical Engineering & Industrial Data Processing · **Upper Second-Class Honours** IUT Lokossa, Univ. of Abomey-Calavi · 2013

NACES-evaluated U.S. equivalency (SpanTran): 3.73/4.00 GPA, 91.5 semester credits.
